

OTHER EVIDENCE-BASED INTERVENTIONS:

STUDENTS LEARN DIFFERENTLY

That means one instructional program or practice may not benefit all students. At Avon Lake City Schools, we are equipped to provide different strategies for students based on individual needs.

CKLA INTERVENTION TOOLKIT

Whether a student needs additional practice in a specific skill, explicit reteaching, or intensive intervention, teachers can deliver aligned interventions from the CKLA Intervention Toolkit.

MCLASS INTERVENTIONS

mClass Intervention follows a research-based skills progression that analyzes data and builds skill profiles for each student with targeted lessons.

TEACHING TOOLS & PRACTICE

Although some students would benefit from a program, some just need additional practice with the right tools. We have a variety of teaching tools (mirrors, sound mats, magnetic letter tiles, etc.) to give students extended guided practice.
