

New this summer we are offering art classes for residents 10-15 years of age. We have 7 sessions to offer using various techniques of drawing, painting, and collage as listed below. Each session is \$20.00 and you can register for as many sessions as you like. Once registered you just need to show up and let your creativity run wild.
All materials provided.

Tuesdays
June 22nd - August 10th
3:00-4:00 pm
Lake House at Veterans' Memorial Park (32756 Lake Rd.)
Instructor: Christine Seeholzer
Questions: 440-930-4135
Cost: \$20/Session

- June 21th: Plein Air Painting**
Students will learn how to build layers on the canvas with acrylic paint and mediums from an underpainting to the foreground using a palette knife, brush and water.
Subject: (Veteran's Memorial) landscape. | Techniques: wash, sgraffito, palette knife painting, impasto.
- June 29th: Gestural drawing**
This class focuses on the different ways to "see" and draw an object. The mass, the contour, negative and positive space and proportion. Students will use washable markers and water to create loose expressive drawings that can later be refined and layered. Subjects: Various- house. Anchor, airplane, flag, cannon.
- July 6th: Mixed Media Cross-stitch**
This class will explore the playful capture of cloud formations with the different sensory and tactile experience of combining yarn and paint, combining embroidery techniques and acrylic paint on deco mesh Subject: cloud formations.
- July 20th: Reflection boat Print Part I**
Today's portion of this two-class project involves learning techniques in manipulating watercolor to create various effects. Our subject is the lake at sunset. While this is drying...
Color field painting Coaster
Students will also learn how to express an emotion or subject through color field and learn how to manipulate alcohol-based markers to create painterly effects and make their own coaster.
- July 27th: Reflection Print Part II**
Using a drawing guide and a break-down of basic shapes, students will draw a sailboat, then transfer to a foam printing plate. Finally, students will print their sailboat and the reflection onto their previously created lake at sunset paintings. Students will also complete their coasters by applying a protective layer to the bottom and take them home.
- August 3rd: Sculptural collage Part I**
For this mixed media project, students will learn how to build a sculptural relief support onto which you can paint with watercolor. Clay Hand-building techniques Part I
Students will follow step-by-step directions to create a 3-d portrait in clay, using additive and subtractive clay-building methods..
Subject: egret, sandpiper, crane, etc.
- August 10th: Sculptural Collage Part II**
Using the support created in the previous class, students will add watercolor to complete the painting. Clay building techniques Part II
Students will use acrylic paint and glaze to create a bronze appearance to their portrait.
