

Port Lorain Marina Dockhand Position

The Dockhand is responsible for assisting the marina team to serve marina customers and guests by performing a variety of tasks including but not limited to general operation of the docks and assisting boaters. The Dockhand must work to maintain a safe and clean environment throughout the harbor and marina facilities.

Essential Duties and Responsibilities:

- Provide Port Lorain members with the best experience possible
- Greet all customers in a manner that expresses a kind, courteous and professional character
- Help orient members and guests to the marina, facilities, and answer other commonly asked questions
- Coordinate safe and efficient customer fueling operation on the fuel dock
- Assist customers with general boating needs
- Maintain and clean restrooms, docks, walkways, grounds and other areas designated by management
- Ensure docks and equipment are always operational
- Assist customers with pump out system
- Comply with OSHA regulations, environmental regulations, and adhere to all site rules and expectations
- Availability to work overtime when required
- Ability to work weekends and holidays

Part or Full-Time Positions Available

Starting Pay: \$10 an hour
