ALHS PRINCIPAL'S AWARD

1. Complete the Common Scholarship Application packet.
2. Attach a typed personal essay of 500 words (or less) describing how you have maximized your learning and benefited from overcoming a mistake you have made (consider the quote below). **This essay REPLACES the essay from the Common Scholarship Application packet.**

"Many of us grow up thinking of mistakes as bad, viewing errors as evidence of fundamental incapacity. This negative thinking pattern can create a self-fulfilling prophecy, which undermines the learning process. To maximize our learning it is essential to ask: "How can we get the most from every mistake we make?"
